NUMBER 27

DISTRICT NO. TWO SCALE SIGNED YESTERDAY

ADMINISTRATION WILL RUSH DEBT REFUNDING LEGISLATION THROUGH

Fear Anti-British Propagandists Will Start Campaign Against Cut Being Made In Interest Rate That Great Britain Is Offered

MANY CONGRESSMEN OPPOSED TO IT

Washington, Feb. 1.—The American Funding Commission will meet at four o'clock this afternoon to bring recommendation to Congress which will enable the government to consummate their agreement for settlement of the war debt.

Washington, Feb. 1.—Fearing popular dissention to the low interest rate granted Great Britain in the refund-

ing of the war debt, Congress today met as the administration prepared to ask immediate amendment of the Debt Funding Law to permit final signing of the agreement with the British.

In both houses members stated they could not in loyalty to their constituents vote for a settlement that provided for a lower interest on the foreign debt than the United States government is paying to holders of Victory and Liberty bonds.

ESSEN BEARS BRUNT OF FRENCH ASSAULT ON GERMAN PRODUCT

Berlin, Feb. 1.—Franco-Belgian measures to enforce German coal deliveries reached completion of their first stage early today.

The rich Ruhr valley from which Germany draws more than half its coal supply was completely cut off from the rest of the country. Not an ounce of coal was permitted to leave the district for German destinations. At the same time German custom stations, which formerly served for collection on goods entering the country from Belgium, France and Luxembourg were taken over entirely by the French.

More French troops moved into the Ruhr today and Essen bore the brunt of the invasion, completely isolated from the outside world so far as rail and wire communication are concerned. The city began to fear the pinch of hunger. The Germans made an attempt to run food stuffs in and out of the Ruhr. The shortage of milk is most noticeable, while meat grows scarcer daily.

With all these difficulties the German citizens maintain a stubborn front and France found it necessary to deport fifteen more officials today, including the director of the Essen branch of the Reichsbank.

Labor Board Puts Signal Men On Eight Hour Basis With An Overtime Boost

Chicago, Feb. 1.—Fifteen thousand railway signal men were placed on an eight-hour day by the United States Labor Board. The men will receive time and one-half for overtime.

GAS FROM MOTOR KILLS MAN

Exhaust gas from the engine of his automobile caused the death of Wilbur Gray, of Portage, who has relatives hereabouts.

On Monday he ran his car into the garage, and an hour later, when a search was instituted, his dead body was found near the car with the engine running and garage doors closed.

The deceased was a son of John and Virgie Gray. He was 21 years old and unmarried. He was a grand son of D. L. Smith, of Kylertown, who is attending the funeral.

CONGRESSMAN ROSE IN CRITICAL CONDITION

Washington, Feb. 1.—Representative Rose of Pennsylvania continued in a critical condition here today. He spent a restless night but his family believe he showed a slight improvement this morning. Representative Rose is suffering from pneumonia and complications.

Explorers of Tropics and Arctic Meet

Here are two gallant adventurers shown when their trails unexpectedly crossed. On the left is Vilhjalmur Stefansson, who has spent 11 years in the Arctic, greeting Carl Akeley, naturalist and sculptor, who has made many excursions into Africa.

WANT TO BE A COWGIRL? DON'T CROWD GIRLS; HERE'S A RANCHER IN FAR-OFF ARIZONA WHO WANTS GIRL FROM GOOD OLD CLEARFIELD COUNTY FOR PARDNER

Quite Naturally He Appeals To The Progress To Make His Wants Known And We Know He Will Succeed.

STEP LIVELY NOW, LADIES

Now, just a minute, girls, step lively, but don't crowd. Kindly take your place in line. Here is the opportunity you, and all of you, long have sought, a chance to get a man of your own. This chance is located, today, where there is no, or very little chance of any other "rag and bone and hank of hair" taking him away from you, as your nearest neighbor will be more than 45 miles away. What joy, what bliss, will be yours if you happen to draw the lucky number. Let us first explain.

The editor of The Progress received the following letter yesterday, and being willing to act as go-between or match maker gives space to the appeal, which will explain itself on perusal:

Tempe, Arizona, Jan. 26, 1923
Editor Clearfield Progress:
Dear Sir:—I am a former Clear- (Continued on Page Two)

200 PERISHED IN MINE DISASTER IN POLISH SILESIA

Berlin, Feb. 1.—One hundred sixteen bodies have been recovered from the Henitz mines at Beuthen, Polish Silesia, and at least sixty more dead still lie inside the burning trap following one of the greatest disasters in German mine history yesterday.

Six hundred miners were rescued after an explosion of fire damp, imprisoning eight hundred. The remainder are believed to have perished.

Fire still raged below the ground today and while all hope of rescuing any further victims was abandoned, crews started to enter the pit to bring out the remainder of the dead.

OLD PALMER HOUSE, HISTORICAL SITE IN CHICAGO, IS DOOMED

Chicago, Feb. 1. (United Press.) The Old Palmer House, internationally famous Chicago hostelry, will soon pass into history. On the site will rise the new "Palmer House," twenty-three stories high and costing \$12,000,000 owned and operated by the Palmer estate.

The new building will contain 2000 rooms, as compared to 500 rooms in the old structure, and will differ from other American hotels in several ways. Five lower floors will be devoted to sample rooms.

The first story will contain nothing but shops and two arcades running to three entrances. The hotel offices and lobbies will be on the second floor. The main lobby will be 125x85 feet. A huge grill will be located in the basement.

The old Palmer House was erected in 1873 by Potter Palmer and has been the stopping place for countless celebrities. The floor of the barber shop, set with silver dollars between the tiles, probably brought more fame to the hotel than any other feature.

Thirty years ago, with a visit to Chicago without a glimpse of the silver-floored barbershop was considered a waste of time. In the olden days, the ambition of the average middle-west lad was to attain a degree of affluence that would permit of a visit to the Palmer House as a guest, with at least a resident interest in this buried treasure.

Lyman H. Howe, Pioneer Showman Of Movies, Passed Away Yesterday

Wilkes-Barre, Jan. 31.—Lyman H. Howe, pioneer in the moving-picture industry, died yesterday. He was in the Christian Science Sanitarium at Boston.

He was a native of this city and had made his home town the headquarters of his business. He was sixty-six years old.

He was educated in the schools here and at Wyoming Seminary, and later took up railroading, quitting his work when he had become baggagemaster. Howe is credited by Thomas Edison with being the father of the motion picture industry, for he and the Orange wizard were interested in a kinesiograph that was used for throwing pictures on a screen. He organized his first motion picture company in 1895.

LITTLE WONDER

A small attendance is expected at Rotary Club this evening. J. D. Connelly has been selected to preside.

PENFIELD ROUTE IMPROVEMENT BILL NOW UP TO HOUSE

Measure Which Would Restore Short Cut To The North to Original Schedule Introduced.

LOPS OFF 36 MILES

Harrisburg, Pa., 31.—Six bills establishing state highway routes in various parts of the state were among those introduced during the House sessions this week, about a dozen counties being interested in the proposed measures.

One of the measures, offered by Representative William F. Marshall, Clarion, provides for a state highway beginning on Route 65 in Patton township, Clarion county, at Breannan's Corners, between Shippensburg and Clarion, and extending in a northerly direction through Arbanus, Lucinda, Snyderburg, Leeper, Crown Vowinckle, Marionville and Kane, being located in Clarion, Forest, Elk and McKean counties.

Representative John M. Flynn, of Ridgway, Elk county, offered a bill to provide an additional route to be known as No. 375 connecting Clearfield county seat of that county, with Emporium, Cameron county seat designated as follows: beginning at Clearfield borough line near Clearfield hospital, by way of Kennedy Park and State Forestry nursery to Penfield, to Clearfield and Elk county line near village of Tyler, then by way of Force, Weedville, Bryndale, St. Marys, then by Highway Route 99 to Emporium.

ALASKA WILL ASK STATEHOOD RIGHT IN NEAR FUTURE

Washington, Jan. 31.—Statehood is advocated for that part of Alaska lying south of the Arctic Circle and east of 152d meridian of longitude.

Colonel William B. Greeley, chief forester of the United States, in a report to the Secretary of Agriculture, advocates statehood. He says no happier step could be taken.

"It seems to be generally accepted, the territory as a whole is not ready for statehood," says Colonel Greeley.

"It is becoming evident the solution of the Alaska problem is local self-government. Apparently what the people of Alaska want is not the power to run the government's business or property in Alaska, but power to run their own business. They want to make their own laws, levy their own taxes, and spend their own public money just as do the people in the States.

"In short, what Alaska wants is not that the Union should be ousted from the territory, but that Alaska should be admitted to the Union."

WITH CAPTAIN BROWN OUT OF GAME AND 'NEWBIES' A SURE HOODOO OUR TOSSERS WILL HAVE TO SPEED UP

By DICK LEIPOLD

Tomorrow morning when Coach Reed and his squad of Red and Black passers climb aboard the 11:45 B. & P. train for New Bethlehem, Captain Bill Brown will be among those who will be counted to wishing his team good luck from the station platform, since Bill's sprained ankle is still in bad shape. The old saying that "Every man's hand is against the sacrifice of something," is applicable to Clearfield's clean cut victory over Brookville at Brookville last week, for in winning the game, C. H. S. lost the service of Brown for an unknown number of games.

New Bethlehem a Hoodoo to C. H. S. Ever since the league's organization, this Clarion county five has

OIL STILL SPOUTS SO FAR AS PRICE ON CRUDE CONCERNS

Pittsburg, Feb. 1.—Crude oil was advanced ten cents per barrel for the fourth time this year. Prediction was made that \$4.00 oil will be reached within thirty days.

New prices are: Pennsylvania \$3.65, Cabell \$2.51, Somerset \$2.80, Somerset light \$2.66. Ragland and Cornish were no changed.

Invalid Mother And Two Daughters Suffocate When Fire Burns Home

Baltimore, Feb. 1.—Mrs. Wm. Phillips, an invalid, and two daughters, Elizabeth aged 13, and Esther, aged 10, died from suffocation today when fire swept their home.

A neighbor and fireman who pushed through a wall of flame in an effort to rescue them, were injured.

LIQUOR LAW VIOLATOR LIVING NEAR KARTHAUS GETS JAIL SENTENCE

Mike L. Pasquarello, residing at Coleman's Sliding, in the Karthaus district, near the Clearfield county line, on Tuesday before Judge Eugene H. Baird, in the Clinton county court, pleaded guilty to the charge of selling liquor and having it in his possession. Pasquarello was arrested by state police. It developed that he had a wife and six children and having been out of work, made and sold moonshine to support them. Judge Baird had no alternative but to fine him \$300 and sentence him to serve three months in jail.

A jug of the moonshine made by Pasquarello appeared in court as evidence and on District Attorney Kintner's asking the judge what his position to make of it, the latter replied it was up to him.

ENGINEER DEAD IN SEABOARD AIR LINE WRECK

Norfolk, Va., Feb. 1.—One man was killed when the Florida-Cuba Special of the Seaboard Air Line Railroad crashed into President S. Warfield's private car at Hagood, Va., early today.

Warfield, president of the road, was not in his car which was being returned empty to Richmond. J. M. Fields, engineer of the special, was killed and three or four passengers shaken up. The locomotive of the special and the president's private car were derailed.

OSCEOLA MILLS MAN IS PAINFULLY INJURED

George Albert, 21 years old, of Osceola Mills, while working at a steam shovel for the Ben Richards Coal Company on Tuesday, was painfully and seriously injured when his left hand was drawn into the machinery by a rope. It was necessary to amputate portions of four fingers when he was later admitted to the Cottage State hospital at Philipsburg.

THIS DISTRICT TO FOLLOW SUIT OF NEW YORK MEET

No Cessation of Work Will Be Experienced In Clearfield County Coal Producing Area

IS SURE GOOD NEWS

Athens, Jan. 31.—The scale committee of the Central Pennsylvania operators and representatives of the United Mine Workers today reached an agreement on wage scale for the year starting April 1, 1923, and ending on March 31, 1924, the agreement being the same as that under which the miners have worked since the close of the strike of the summer of 1922.

The above dispatch will be read with much gratification throughout this section, as the operators and miners meeting in conference are included in this immediate neighborhood. The agreement means that there will be no cessation of the industry at the time of the expiration of the present scale in April. There has been much fear expressed that there would be a total cessation of the mining at that date, but following the above agreement, it was believed that the operators and miners of this local district would get together. This was made almost certain when the operators and miners of the Pittsburgh district signed a scale.

In conformity with the New York agreement and action that is being taken all over the country, the agreement is for one year only. This means that the local scale will expire at the same time as others throughout the country.

The signing of the scale for the district will mean an impetus to business, as undoubtedly there has been some hesitation because of the fact that it was feared there would be a cessation of the vital industry of mining.

ALBA B. JOHNSON TAKES FLING AT PINCHOT POLICY

Alba B. Johnson, former president of the Chamber of Commerce, criticized Governor Pinchot's program of economy at a dinner to Edwin J. Lafferty, president of the Board of Prison Inspectors, in the Manufacturers' Club last night.

"Governor Pinchot has prepared to make his administration memorable for its economy," Johnson said. "But I have wondered, whether it is necessary to concentrate into one term the whole problem of retrenchment, when that problem is not the result of one previous administration, but of many previous administrations."

"The Governor has pledged us that no new measures of taxation will be introduced during his term. Nevertheless it is certain that many new measures of taxation will be introduced."

Canadian Scientist Is Murdered Near Tomb Of The Pharaohs In Egypt

Luxor, Egypt, Feb. 1.—Trazer, a Canadian scientist, who was visiting the Valley of Kings, where the Pharaoh Tut-ankh-amen is being uncovered, was murdered at a robbery just outside Luxor Tuesday night, the authorities declared today.

It is believed the Canadian fell victim to a band of thieves and their from Cairo or Alexandria, who have been attracted here by the presence of wealthy tourists. The latter have been warned by authorities not to stray from the beaten paths at night.

Simply Impossible To Tell This Story

(Continued From Page One.)

that Youngstown was too far away, dropped off the train at Butler, Black's former home, where the wedding took place. The couple went to housekeeping on a little farm adjoining the bride's parents and in the natural course of events a young farmer dropped in on them to gladden the home.

All was serene and happy along early last summer when Black and his father-in-law, H. B. Tubbs, got into a squabble over a line fence or some other little thing farmers fall out about and being a resourceful enemy Daddy Tubbs got in touch with the Prothonotary's office in Brookville and finding that while his son-in-law's first wife had been granted a divorce the costs had not been paid and it had never been lifted, which left Black a much-married man with two wives on his hands. Tubbs then had Black arrested for bigamy and he was placed in jail here on June 17, 1922.

When called for trial he entered a plea of guilty and when he detailed the circumstances in court Judge Bell felt Black's story was entitled to investigation. He turned it over to Deserion Court Probation Officer Stock, who discovered the status of affairs to be in Black's favor. When this was made known to the neighbors out Reckton and Luthersburg way they got busy and raised by popular subscription, handled by Bill DeHaas, the \$75 necessary to pay the costs in the divorce suit and on Jan. 17, 1923, the divorce of Black's first wife was actually made.

Armed with this information Mr. Stock wrote Miss Tubbs or Mrs. Black as she believed she was entitled to be and this morning accompanied by her mother and Robert A. Black, Jr., she came to Clearfield. With the Deserion Court officer's assistance a marriage license was secured and Black's second wedding to his second wife was quickly under way.

Dr. E. C. Reeve of the Presbyterian church was told of the situation and promptly volunteered his services as officiating minister.

Accordingly the happy party repaired to the jail and the appearance of the cavalcade attracting the attention of the matrimonial expert of The Progress, he trailed along in the rear and finally succeeded in breaking into jail in time to witness the ceremony. The bride and groom took places in the centre of the parlor and Rev. Reeve pronounced the words which made them man and wife. Deserion Court Officer Stock and Mrs. Lowell, matron of the jail, acted as best man and bridesmaid. Following the congratulations the notice of the wedding was given to Judge Bell by

Mr. Stock and the order releasing Black from further custody was issued at once and Mr. and Mrs. Black and Baby Bobbie, together with Grandma Tubbs made up a happy quartet as they left for Luthersburg on the 11:48 B. E. & P. train.

Daddy-in-law Tubbs has thus far withheld his forgiveness.

Want To Be A Gowgirl?

(Continued From Page One.)

fielder and came west about five years ago, visiting my people, who live on Mt. Joy last spring. I am what you may have seen in moving pictures—a cowboy on a cattle ranch on the deserts of Arizona. Upon coming here I took up a claim and since homesteading it have purchased a tract next to me and now have a 47,000 acre ranch. I have it stocked with cattle which I propose selling and take up sheep raising. All I am and all I have I give credit to old Clearfield town for, and to show the people back home how a son of old Pennsylvania can freight it out to the boundless West and make his start in life, I ask you to give this space.

I have another favor to ask of you. It is very lonesome out here alone and I would like to have a Clearfield county girl for a life partner. I am 22 years of age, 5 feet 6 1/2 inches tall, weigh 160 pounds, have brown hair, brown eyes, no beauty, but fairly good to look at. I have a good home on my ranch and enough money to keep a wife well on; she must be a poor girl, but one willing to save the same as I did to get my ranch. I would like to have a nice little girl about 18 to 21 years of age, one who would like to live the life of a cowgirl. Anyone interested can see my picture in my cowboy outfit at my brother's home on West Sixth avenue, Clearfield. His name is W. M. Adams.

San Tempe is located near Douglas Arizona, and about 70 miles from Los Angeles, California.

If anyone is interested have them address Elmer B. Adams, care of Casa Loma Hotel, Tempe, Arizona, where I make my headquarters when in town.

Send me a copy of The Progress containing this letter and get any other information you want from my mother, Mrs. Cal Gilham, Clearfield, R. D. 2.

Yours truly,
ELMER B. ADAMS.

With Captain Brown Out Of Game

(Continued From Page One.)

may or may not work well under fire. Locals Have Been Working Hard.

The loss of Capt. Brown stirred the local squad to greater activity in order to avert the slump that sometimes comes after brilliant conquests like the Puxxy and Brookville games.

Competition for a varsity berth is keen, with such a capable stable of willing and creditable reserves as Coach Reed covets in the local gym every afternoon for practice. In fact, on Tuesday evening, the varsity jacked the scrubs by a basket, 25 to 27, in a regular game with strict officiating.

Opportunity to Annex First Place.

While Clearfield is playing New Bethlehem, the DuBois five, joint occupiers of the top rung on the league ladder, will journey to Reynoldsville. The Jefferson county quintet have a floor on the order of the old "Y" gym and also a dead shot in Center Reddick, who makes them from all angles. Against Puxxy Reddickoff scored ten field goals, and if experience counts he should score heavily against Center Schwam of DuBois.

If DuBois loses and the locals win Clearfield will be at the top of the heap. However, there is another chance for a triple tie-in if both C. H. S. and DuBois lose and Brookville comes back strong and wins at Puxxy. An upset case DuBois, Clearfield and Brookville would be deadlocked.

If this happens, Clearfield would have the advantage in the final half of the schedule, both DuBois and Brookville must wait the local gym for return contest, and from past results, their chances of victory are slim at Clearfield.

As the DuBois Express Sees It.

The Express sport expert, according to an article appearing in Tuesday's issue, thinks that of the two league leaders, C. H. S. and D. H. S., the chances of winning a championship are pretty well assured for the county metropolis' tusslers. In commenting on the games ahead against the locals and at Brookville, the writer goes on as follows:

"Much has been said of the game DuBois will have to play at Clearfield. But unless all signs fail, DuBois should take it easy. The black and white have already tasted the blood of the C. H. S. team and found little to worry and when given a chance to relax on the big Clearfield floor, it should run like wild fire. The Brook-

ville game really should be harder for high because Brookville gave High a harder battle in DuBois and he gave the Brookville floor does not offer the psychological advantage of making a team just want to play like the Clearfield floor does."

According to the above, it is evident the writer does not appreciate the fact that it is a different Clearfield team that is representing the Red and Black now. DuBois' caught C. H. S. in a weakened condition as the reserves have clearly shown. Since then Clearfield has played both Puxxy and Brookville, as have the county metropolis' lads. Clearfield brooded Puxxy, and was ahead of Brookville at all stages of the game at Reynoldsville, incidentally giving the Brookvillians their first home defeat since 1920. DuBois trailed Puxxy at all times when the Ground Hogs defeated them 33 to 29, but defeated Brookville at DuBois in a fairly close game. In analyzing these games, it is found that Robinson and Swindell

scored five field goals each against DuBois, while Clearfield's guarding system held those two Brookville players to one field goal apiece at Brookville.

We agree that the Clearfield gym is a great improvement over the DuBois floor, which handicapped the locals. Then too, it probably did not occur to the writer that Clearfield might stage a little "wild fire," open throttled pace against her arch rival DuBois. Then again, if the game at Brookville will be harder for DuBois than the Clearfield game, and Clearfield just finished polishing off Brookville at Brookville—how does this paper figure C. H. S. a set-up for DuBois at Clearfield?

A Dull Day in School.
Teacher (exasperated)—You children need to have your ears cleaned out—you don't seem to hear anything I say—(pausing)—but for heaven's sake don't clean more than one, or my words will go in on one side and come out on the other!

GOITRE CAUSED

Choking, Smothering, Weak Eyes, And Nervousness Relieved by Liniment.

Mrs. Louis Owen, Millersburg, Ohio, says she will tell or write how she removed her goitre and these symptoms by Sorbol-Quadruple, a colorless liniment.

Get free information from Sorbol Company, Mechanicsburg, Ohio. Sold by all drug stores. Locally at Woodward & McPherson and Irwin Drug Co.

WOMAN'S HEALTH RESTORED

She Claims Lydia E. Pinkham's Vegetable Compound Did It After Everything Else Failed

Milwaukee, Wisconsin.—"I feel that I ought to let you know about my case. I was ailing and could hardly do my housework and was so run-down just from having one child. I took a lot of medicines and had doctors. Then I gave them all up and took Lydia E. Pinkham's Vegetable Compound and I feel wonderfully good now. I do everything that comes along, and we all take your medicine as a tonic when we don't feel just so. I am thankful for what the Vegetable Compound has done for my health and for my family."—Mrs. MARY SAICHECK, 944 28th Street, Milwaukee, Wisconsin.

Letters like these testify to the value of the Vegetable Compound. These women speak from the fullness of their hearts. They describe as correctly as they can their conditions: First, those symptoms that affected them most conspicuously, and later the disappearance of those symptoms. They are sincere expressions of gratitude. For nearly fifty years Lydia E. Pinkham's Vegetable Compound has been so praised by women.

"Hurricane's Gal" will be shown at the Driggs Thursday. It's a great picture. Orchestra with special music.

HOW TO SLEEP ON A BARE FLOOR

IT is more a matter of SLEEP, than of bed or board.

Some people can sleep sitting up, standing up, even while walking.

Many people can't sleep in the softest of downy beds; and all of us suffer occasionally from nerve-racking, wearing, tiring wakefulness at night.

There is always a reason for sleeplessness. Usually it is a "sour" stomach, a liver that has "lain down" on the job, congested bowels, or biliousness.

Then, just before retiring, take Beecham's Pills. They soothe an uneasy stomach, encourage the organs of digestion and elimination to natural activity, and assure restful sleep no matter what!

At All Druggists—25c and 50c

A PRIME REQUISITE FOR A SUCCESSFUL DINNER

Every hostess desires to have her table as attractive and inviting as possible. And nothing contributes more to the charm of a well appointed table than snowy, lustrous napery.

Because of our painstaking care and modern facilities we are able to impart to your linens a smoothness and gloss that home methods can't produce.

For example, in the damasks that we launder the patterns stand out clearly in their original beauty because the ironing is done without friction through softly padded rollers.

Let us demonstrate for you the advantage of this method—have us call for your linens. We also have other services that include this work. Phone today, and we'll gladly explain them all.

Include Our Finest Pattern Cloths

When you stop to think that these are the same quality of Table Linens we carry right along—that they do not deviate in quality or attractiveness—you will immediately see the advantage of purchasing now. You will find an especially good selection of Linens for dinner, luncheon, tea and party occasions.

For this year's White Sale we are showing a larger and more select variety of Table Damasks. Prices too are lower. Napkins to match all lines. Good values in both Scotch and Irish and some German linens. Prices range from \$1.40 yd upwards. Prices on Cotton Damasks are the lowest since pre-war times.

Shoes At Attractive Prices

The Shoe section has many remarkable values during the White Sale. We have re-grouped and added to some of the lines of shoes and have also made further reduction for this 10 day period.

Entered in Post Office at Clearfield, Pa., as second class mail matter.

It is truly wonderful how many defenders of the common people we are afflicted with.

Ever since the armistice was signed our government officials have been trying to get our financial affairs with foreign nations straightened out.

Finally President Harding persuaded, or rather compelled diplomatic methods, Great Britain to come to terms with the United States.

These terms provide that England shall have approximately sixty-two years to pay off an indebtedness of something over four billions of dollars she borrowed from us to carry on the war.

Meanwhile England is to pay us an interest rate slightly less than the rate on the temporary notes given.

Now come the saviours of the interests of the common people, saying that England should be made to pay the principal rate of interest and that both the interest and the principal sum must be paid forthwith.

That would be fine if it were possible, but the fact is that England has not even been able to meet the interest payment as far and if anybody is in favor of occupying the British Isles and compelling payment as the French are doing to Germany, let them step forward.

The funding agreement reached between the administration and England should be approved by Congress without delay. Better get something and a guarantee of the payment of the whole amount than be whole hog or none, with the probabilities strong on the "none."

Introduction-courtship-proposal-acceptance-wedding bells alarm clock-divorce notice.

There you have summed up in a few words the history about one in ten of the marriages contracted in Clearfield county, or any place else in this fast living age.

Not satisfied with their first effort at taking lightly the marital vows, it appears that a lot of people start right in with the publication of the divorce notice and run the whole gauntlet up to the alarm clock before the strong arm of the law rings a gong and sends them back to the starting line.

Today our Domestic Relations editor wrote a story about marital tangle which overtaxed our capacity as a head writer. Moved us to make the above observations.

Whatever you do, when you come to take the second dose of marriage, make sure that the divorced party to the contract carries the necessary certificate to the altar.

Banking as a Business--
Not as a "Fine Art"

You'll find us conducting this Bank on a thoroughly practical basis. We are business men—doing business in a businesslike way—serving our customers with all the facilities we can command—and with all the scope that large resources and wide association can put into that service. We welcome your business problems—and will help you to solve them to the best of our ability.

MARRIAGES

MELLOTT-TEATS WEDDING POPULAR YOUNG PEOPLE WED

Miss Mildred Mellett, daughter of Mr. and Mrs. S. A. Mellett, of Spruce street, and Merrill Teats, of Lyde City, were married at 3 o'clock yesterday afternoon at the West Side Methodist Episcopal parsonage by Rev. W. L. Armstrong. The young people are among Clearfield's best known young people and have the best wishes of a host of warm friends. They will reside in Clearfield the groom holding a responsible position with the B. R. & P. railway company.

Cecil H. Nichols, son of Mr. and Mrs. Boyd H. Nichols, and Miss Vanetta Nelson, daughter of Mr. and Mrs. Charles Nelson, of Mt. Zion were quietly wedded at the parsonage of the West Side Methodist

church at 7.15 o'clock last evening. The beautiful ring ceremony of the Methodist church was employed by Rev. Armstrong in the presence of a few close friends of the couple. The groom is an employee of the Workman's Cash Grocery, Third street store, while his bride, an attractive young woman, has been

A FITTING VALENTINE

Valentine Day is coming soon and if you are going to make some nice girl happy after she has said that little word, drop in here and see what I can do for you when you buy that diamond.

As we have said before, buying a diamond is largely a matter of confidence in your jeweler and everyone who ever bought a diamond here, has found that he received his full money's worth.

W. W. O'BRIEN

VALENTINES

The day draws nigh when you will celebrate the feast of St. Valentine and you will want to celebrate in a fitting manner.

You will want some dainty lacy ones for your best girl, then again you will want some funny ones for the person on whom you want to play a joke.

We have all kinds of Valentines and the display embraces the whole run of kinds.

MILK IS
HEALTHFUL

No one can gainsay that. But the thing that you must look out for is the matter of getting the purest milk you can. Ordinarily, milk is one of the greatest carriers of disease germs that is known, but when it is put through the pasteurization process, it is cleared of everything injurious and you get only the body-building ingredients that you are looking for.

The milk that we put on your table is as pure as the driven snow and you'll find that if you will drink more of it, you will feel better in every way.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, yellowish dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, a host of sorts, inactive bowels, you take Dr. Edwards' Olive Tablets daily for a time and note the pleasing results. Thousands of women and men and Dr. Edwards' Olive Tablets, the successful substitute for calomel—now and then just to keep them fit. 15c each.

Of course you have come to think of this as a candy shop as a whole, but we want you to think of it as the place where you can get better candies. We are always showing something new in kinds and you'll find that there is always something here that will fill that sweet tooth of yours.

VIRGINIA
CHOCOLATE SHOPODDS AND ENDS
AND THINGS

By J. D. C.

Down at Pittsburgh yesterday J. W. Campbell, arrested for begging, asserted his hearty dislike for soap and water. He informed Police Magistrate Succop that he hadn't had a bath for a year. Campbell said he once owned a cake of soap which had been given him by a lady friend, but after carrying it about for some time threw it away. Magistrate Succop ordered Campbell to spend thirty days in the county jail and instructed Warden Lewis to see that he got a bath every day.

Campbell should have got himself arrested in Clearfield county. He would have fit into the general scheme of things down at our jail, according to Rev. Hatch's "log book" on the occasion of his recent "voyage" thru the jail.

Ice Queen

Glen Morgan, beauty queen of Canada, can maintain her charm under unfavorable conditions of ice and cold. Here she is demonstrating that bathing suits can be just as attractive in Canada as on Palm Beach in February days.

The "search and seizure" clause of the proposed dry law the Pinchot administration is getting ready to introduce into the Legislature at Harrisburg is causing a great deal of comment all over the state, some of the faithful "wet" old guard right here in Clearfield feeling their "rights" or "wrongs" may be invaded if the thing goes through. One noted "constitutional" lawyer down in the First Ward declaimed for at least an hour to a sympathetic audience last evening in assuring all who would stop to listen that the darn thing was "unconstitutional," yesiree.

A poll of the Legislature at Harrisburg is said to reveal the fact that there is a "dry" majority of no less than six in the Senate, while the House is "dry" by thirty-one votes.

They may "search" but they can't "seize"—if you don't have any contraband on hand; so why kick about it.

In answer to a query from an anxious First Ward "wet" we just want to say that the 23d Congressional District is "bone dry" for the coming two years. The "wet and dry" issue was not raised at last fall's Congress election as both Hon. W. I. Swoope, the successful Republican candidate, and his Democratic opponent, Hon. J. Frank Snyder, had pledged themselves in writing long before the primary election that if elected to represent this district in Congress they would not only vote to support rigid enforcement of the Volstead Act but would combat any and every effort to modify it.

The man who founded Pennsylvania, William Penn, was born in England. The three greatest Pennsylvanians of the revolutionary period were Franklin, born in Massachusetts; James Wilson, born in Scotland; and Robert Morris, born in England. The two most prominent Pennsylvanians of the Civil War period were General George Gordon Meade and Thaddeus Stevens. Meade was born in Cadiz, Spain, while Stevens was born in Vermont. It is true that the fifteenth President of the United States, James Buchanan, was born in Pennsylvania, but he has been dealt with so harshly by history that it may be possible to say that the greatest man ever born on Pennsylvania soil was John Wanamaker.—Springfield (Mass.) Republican.

The preaching down about Lock Haven, including all denominations, raved their hands in holy horror at the different church services last Sunday because of the fact that the people of that community—mostly women—made a "bargain day rush" every day to get into the Court House to listen to the sordid details surrounding the killing of a young girl on a joy ride with another girl and a pair of human vultures. The women would line up at the Court House hours before opening time and fight to get in when the doors of the court room was opened, many of them bringing their dinners and camping in the room during the noon day recess.

Tomorrow is Ground Hog Day, if you are any traveling take your umbrella along. It is also the feast of St. Blasie and the ceremony of blessing the throat. A "child" an will be performed in all Catholic churches.

The title of the violin solo rendered by Grant Smecher at the Junior class recital of Susquehanna College Monday evening, was "Doreuse" from Jocelyn, instead of "Because" as was stated in the report of the concert.

SELL? WHAT IS YOUR PROBLEM? TELL
IT TO THE LADY AT PHONE NO. 326-W.

Beyond the "want" ads in the paper, there is a clearing house for clearing and disposing of living quarters or household help. Such a bureau is the usual thing in many towns and Community Service would be glad to assume it if the need of such a service develops. The procedure is familiar enough. Everyone, for instance, with accommodations of any sort—meals, rooms, etc.—places them in the general file at the C. S. office on Locust street—326 W. Likewise anyone with time and labor to dispose of by the hour, day or week, and the variety. Accordingly, when any one wants a place to stay for a few days or a boy to wash windows or clean walks, this same file is the consulting list. This is the commonest sort of a service in most cities and is not the least of a neighborhood's needs. It only requires a little understanding and co-operation, and Community Service stands ready to be the middle man.

No applications have been received for the community dancing class to be held Thursday evenings. The first session will be on Feb. 1 at the Harmonium Tea room at eight o'clock. The particular types of work to be given will be discussed then so that the light lesson may immediately apply to whatever variety of recital will be given to conclude the course. This is open to anyone enjoying dancing, the charges to be \$2.00 for the two months. If there are any boys who particularly wish clogging or dance essentially for boys, arrangements will be made for them.

FORD MAY BUY HOG ISLAND

Washington report say that Edsel Ford, acting for his father, Henry Ford, has been negotiating concerning Hog Island with a view to a possible purchase.

No definite action, however has been taken by the Shipping Board. The Board last November, called for bids which would have been opened this month. But Frank Zellar, of Phila., who claims that an island belonging to him was dredged out of existence by the Hog Island project and has had many suits pending, sought an injunction to restrain the

Government from selling the property.

Pending settlement of the suit, the Board withdrew the call for bids, but asked informal orders. No direct bid for the whole site has been received.

GRANT A. PRICE'S FUNERAL

The funeral of Grant A. Price took place Sunday afternoon from the home of his parents Amos and Lydia Price in Bloomington. Rev. J. C. Collins preached the funeral discourse, interment was made in the Bloomington cemetery.

Grant A. Price was born in Bloomington, Sept. 20, 1901, and was therefore aged 21 years and 4 months at the time of his death on Thursday last. He had suffered a relapse from typhoid fever. He was of a jovial

kindly disposition and made friends of all with whom he came in contact and a host of warm friends met his death. He is survived by a father, mother, seven brothers and two sisters.

If Rheumatic
Eat No SweetSays Glass of Salts Helps
Overcome Rheumatism
Acid.Don't Let
Turn In

Rub on Gooch's Musteroil. That cold may turn into Grippe or, even worse, pneumonia, unless you take care of it. Rub good old Musteroil on the congested parts and see how quickly brings relief.

Colds are merely congestion. Musteroil, made from pure oil of mustard, camphor, menthol and other simple ingredients, is a counter-irritant which stimulates circulation and helps break up the cold.

As effective as the most old mustard plaster, it does the work without the blister.

Just rub it on with your finger-tips. You will feel a warm tingle as it enters the pores, then a cooling sensation that brings welcome relief.

35c and 65c, in jars and tubes.
Better than a mustard plaster

Rheumatism is easier to avoid than to cure, states a well-known author. We are advised to dress warmly, in the first place, avoid exposure, and above all, drink plenty of good water and avoid eating sweets of all kind. Rheumatism is caused by waste and acids resulting from fermentation. It is the function of the kidneys to filter this poison from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather, skin pores are closed, thus forcing the kidneys to do double work; if become weak and sluggish and fail to eliminate this waste and acids, which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain, called rheumatism.

At the first twinge of rheumatism get from any pharmacy about 6 ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is helpful to neutralize and remove waste matter, also to stimulate the kidneys, thus often ridding the blood of rheumatic poison.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is an excellent remedy for thousands who are subject to rheumatism.

NEWS OF OUR NEIGHBORS

CURWENSVILLE

Curwensville postoffice force took a sled ride to Clearfield on Tuesday night, and had a lunch at Jordans.

Dorsey Bailey, dairyman living near Centre church, is very ill with pneumonia.

The Boys' Marine Band received a contribution of some \$35.00 as a result of their Sunday afternoon concert in the Strand.

"Kid" Hepburn, Grampian's only plumber and pipe fitter, had business in Curwensville yesterday.

Clyde Gates, foreman of the Curwensville Heating and Plumbing Company's shops, is confined to his home, corner Walnut and George streets, by a severe cold.

Hannah Cleaver Holden, youngest daughter of Mr. and Mrs. Nathaniel Cleaver, was born June 12th, 1846, died Jan. 26th, 1923, being at the time of her demise 76 years 7 months and 14 days. Some fifty odd years ago she was united in marriage to John Holden. To this union no children were born. In December, 1902, Mr. Holden was killed in falling from the hay mow in the barn. From that time on Mrs. Holden and Miss Kate Holden resided on the farm until March 1914, when the house burned down. Mrs. Holden was at that time in very feeble health. Since that time she made her home with her nephew, U. L. Cleaver, with the exception of a few months until the time of her death. The last few years she was almost helpless.

She is survived by one brother, Geo. D. Cleaver, he being the last remaining member of the family. She was a member of the M. E. church and attended the services at the Locust Ridge school house as long as she was able, the last year or so having had to be helped in order to attend at all. Funeral services were held on Sunday afternoon at the Cleaver home, conducted by Dr. J. C. Collins. Funeral director C. E. Doverspike. Interment in Oak Hill cemetery.

At the meeting of the Parent-Teachers Association Monday night it was decided to help furnish each school room with a workable library. Mrs. William Kittelberger, president of the association, appointed a committee to look into the matter of securing book cases.

Supt. George E. Zerfoss, of the Clearfield public schools, will address the Curwensville teachers next Monday at 4 o'clock on "The Seventy Per Cent. Pupil." Anybody and everybody welcome at this meeting.

The Patton Literary Society will hold its regular meeting on Friday of this week. The program promises to be one of the best ever presented.

On Tuesday evening the High School Alumni Athletic Association held a regular meeting to elect a man-

Feed Is Big Factor In Egg Production

Heavy Rations Increase Laying But Forcing Is Attended by Dangers

By SETH W. SHOEMAKER, Director, School of Agriculture, International Correspondence Schools, Scranton, Pa.

Almost everyone will admit without question that the health of a family depends upon the kind of food it receives, and to a considerable extent on the way in which this food is served.

Why poultrymen do not always apply this same knowledge to their flocks is a mystery. To get the best results out of a flock they must be supplied with food of good quality, the feed must be of the kind and it must not be tainted in any way.

One safe way to insure this is avoid feeding perishable food in larger quantities than the fowls can consume at one feeding.

Tainted meat that is not fit for human food should not be fed to fowls. The taint is sometimes removed from such food by boiling it in water containing baking soda. Even then the poultryman is taking a chance with such food.

Heavy Feeding for Production. The heavy feeding of fowls for egg production should be carefully watched. This applies especially to

anger and forecast the work for next year. Mr. A. D. Dunsmore was elected manager. He will immediately take charge of the schedule and announce it in a few days. A committee was appointed to solicit memberships for the year 1923. Membership fee was fixed at \$1.00 and student tickets for the season at \$1.00. It is hoped that all of Curwensville will join this association. It is worthy of our sincere support. When a committee calls on you please honor him your membership solicitation. The association decided to back the High School baseball. Paul A. Zetter was elected manager of the baseball team and Chas. Norris was elected student manager. We are glad that the high school is coming to realize the great benefit derived from clean athletics. Our boys had better be under good leadership in athletics than be doing some other things incident to the effervescence of youth. Rev. Bertram Conley, R. K. Way, and Grant Norris were made a committee to write up the rules and regulations of the association. They are to report at an early meeting. It is commendable that our athletics are being handled in a businesslike manner. The alumni of the High School deserve great credit for taking over the athletics. They are having the real alumni spirit. With this organization back of high school athletics and the Parent Teachers Association back of the scholastic end of the school's program, good will necessarily follow.

Funeral services were held on Sunday afternoon at the Cleaver home, conducted by Dr. J. C. Collins. Funeral director C. E. Doverspike. Interment in Oak Hill cemetery.

ORIGINAL VINOL THE MODERN TONIC

What it contains:
Cod Liver Peptone

IF SKIN BREAKS OUT AND ITCHES APPLY SULPHUR

Just the moment you apply Mentho-Sulphur to an itching, burning or broken out skin the itching stops and healing begins. Says a noted skin specialist: "Mentho-Sulphur preparation made of the best sulphur and menthol, gives such relief to the skin as to be called a 'miraculous cure'." It is a fact that it is the only skin preparation that cures the most stubborn skin eruptions, such as eczema, psoriasis, etc. You can get a little jar of Mentho-Sulphur at any drug store.

pullets that are being forced in cold weather to produce as many high priced eggs as possible. Should any individual show signs of becoming over fat and threatening to break down it is a good plan to take this fowl out of the general pen and feed in a separate place more lightly. In fact, the occurrence of several such hens in a flock may be a good warning that the poultryman is feeding them all too heavily and should slow up some. An over fat pullet makes no better a layer than an over fed hen and will soon become a drone.

An occasional tonic or appetizer such as a pint of air slaked lime to one quart of feed soaked in cold water tend to neutralize any poisonous matter that has accumulated in the system. It may also give the flock the lime that is so often lacking in their feed.

Conditions of Buildings Important. Many poultry raisers feel that an extensive and costly house is the only thing necessary to keep the flock going for profit, but more often than not the stock kept therein is no better than the average. Sometimes a owner is more proud of his house and surroundings than he is of his poultry. Although good houses are important for good stock the keeping of the house in good

I RYE TO BE ASST. SECRETARY OF THE COMMONWEALTH

Harrisburg, Feb. 1.—James E. Five, Westminster county, today resigned as statistician in the Auditor General's department in order to become Deputy Secretary of the Commonwealth.

The W. C. T. U. will meet at the home of Mrs. Mary Sykes, 330 Market street, tomorrow evening.

"Hurricane's Gal" will be shown at the Driggs Thursday. It's a great picture Orchestra with special music.

GETTING UP NIGHTS

This is One of Nature's Danger Signals. L. E. Mullen Tells Experience

L. E. Mullen, No. Kenova, Ohio, says: "For 16 years I have been troubled with kidneys and bladder. I had to get up 5 or 6 times each night. I had taken many kinds of medicine, but Lithiated Buchu (Keller formula) is the only kind that gave me any relief. My bladder is normal and I have only used the remedy for three weeks. If you want further facts write me." Lithiated Buchu (Keller formula) acts on the kidneys and bladder like Epsom Salts on the bowels. It cleans them out, relieving the bladder of many abnormal deposits. These tablets cost 2c apiece. The price makes it possible to place in the formula several drugs which are useful for relief. The formula is on the package. It is not likely you have ever taken anything similar. Try a few tablets for backache, scalding, scanty or high-colored urine and frequent desire at night. Be sure to get the Keller formula. Lithiated Buchu at all drug stores, or write Keller Laboratory, Mechanicsburg, O., or locally at Stewart Drug Store.

CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief From Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night, your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh—Relief comes so quickly.

I Have Bought the BUFFET LUNCH

Having bought the Buffet Lunch room, the popular little restaurant at the west end of the lower bridge, I am now prepared to serve meals and lunches cooked in good old fashioned home style.

When you're hungry—bring us your appetite.

**Why Clinkers in
Your Gas?**

CLINKERS in coal give no heat and clog up furnaces. Likewise in gasoline. If gasoline vaporizes completely at 425 degrees it has less "clinkers" than at 450 degrees. The all-combustion point of Waverly Gasoline is around 400.

Other indications of "clinkers" are starting difficulty, carbonizing, knocking and diluting of crank case oil.

Look for the Waverly sign when you need gas. "All Pennsylvania" means "less clinkers" because "Waverly" means the same thing. Know the pleasure and economy of better motor fuel.

THE CLEARFIELD PROGRESS, CLEARFIELD, PA. THURSDAY EVENING, FEBRUARY 1, 1923.

NUMBER 27

DISTRICT NO. TWO SCALE SIGNED YESTERDAY

ADMINISTRATION WILL RUSH DEBT REFUNDING LEGISLATION THROUGH

Fear Anti-British Propagandists Will Start Campaign Against Cut Being Made In Interest Rate That Great Britain Is Offered

MANY CONGRESSMEN OPPOSED TO IT

Washington, Feb. 1.—The American Funding Commission will meet at four o'clock this afternoon to bring recommendation to Congress which will enable the government to consummate their agreement for settlement of the war debt.

Washington, Feb. 1.—Fearing popular dissention to the low interest rate granted Great Britain in the refund-

ing of the war debt, Congress today met as the administration prepared to ask immediate amendment of the Debt Funding Law to permit final signing of the agreement with the British.

In both houses members stated they could not in loyalty to their constituents vote for a settlement that provided for a lower interest on the foreign debt than the United States government is paying to holders of Victory and Liberty bonds.

ESSEN BEARS BRUNT OF FRENCH ASSAULT ON GERMAN PRODUCT

Berlin, Feb. 1.—Franco-Belgian measures to enforce German coal deliveries reached completion of their first stage early today.

The rich Ruhr valley from which Germany draws more than half its coal supply was completely cut off from the rest of the country. Not an ounce of coal was permitted to leave the district for German destinations. At the same time German custom stations, which formerly served for collection on goods entering the country from Belgium, France and Luxembourg were taken over entirely by the French.

More French troops moved into the Ruhr today and Essen bore the brunt of the invasion, completely isolated from the outside world so far as rail and wire communication are concerned. The city began to fear the pinch of hunger. The Germans made an attempt to run food stuffs in and out of the Ruhr. The shortage of milk is most noticeable, while meat grows scarcer daily.

With all these difficulties the German citizens maintain a stubborn front and France found it necessary to deport fifteen more officials today, including the director of the Essen branch of the Reichsbank.

Labor Board Puts Signal Men On Eight Hour Basis With An Overtime Boost

Chicago, Feb. 1.—Fifteen thousand railway signal men were placed on an eight-hour day by the United States Labor Board. The men will receive time and one-half for overtime.

GAS FROM MOTOR KILLS MAN

Exhaust gas from the engine of his automobile caused the death of Wilbur Gray, of Portage, who has relatives hereabouts.

On Monday he ran his car into the garage, and an hour later, when a search was instituted, his dead body was found near the car with the engine running and garage doors closed.

The deceased was a son of John and Virgie Gray. He was 21 years old and unmarried. He was a grand son of D. L. Smith, of Kylertown, who is attending the funeral.

CONGRESSMAN ROSE IN CRITICAL CONDITION

Washington, Feb. 1.—Representative Rose of Pennsylvania continued in a critical condition here today. He spent a restless night but his family believe he showed a slight improvement this morning. Representative Rose is suffering from pneumonia and complications.

Explorers of Tropics and Arctic Meet

Here are two gallant adventurers shown when their trails unexpectedly crossed. On the left is Vilhjalmur Stefansson, who has spent 11 years in the Arctic, greeting Carl Akeley, naturalist and sculptor, who has made many excursions into Africa.

WANT TO BE A COWGIRL? DON'T CROWD GIRLS; HERE'S A RANCHER IN FAR-OFF ARIZONA WHO WANTS GIRL FROM GOOD OLD CLEARFIELD COUNTY FOR PARDNER

Quite Naturally He Appeals To The Progress To Make His Wants Known And We Know He Will Succeed.

STEP LIVELY NOW, LADIES

Now, just a minute, girls, step lively, but don't crowd. Kindly take your place in line. Here is the opportunity you, and all of you, long have sought, a chance to get a man of your own. This chance is located, too, where there is no, or very little chance of any other "rag and bone and hank of hair" taking him away from you, as your nearest neighbor will be more than 45 miles away. What joy, what bliss, will be yours if you happen to draw the lucky number. Let us first explain.

The editor of The Progress received the following letter yesterday, and being willing to act as go-between or match maker gives space to the appeal, which will explain itself on perusal:

Tempe, Arizona, Jan. 26, 1923.
Editor Clearfield Progress:
Dear Sir:—I am a former Clearfielder (Continued on Page Two)

200 PERISHED IN MINE DISASTER IN POLISH SILESIA

Berlin, Feb. 1.—One hundred sixteen bodies have been recovered from the Henitz mines at Beuthen, Polish Silesia, and at least sixty more dead still lie inside the burning trap following one of the greatest disasters in German mine history yesterday.

Six hundred miners were rescued after an explosion of fire damp, imprisoning eight hundred. The remainder are believed to have perished.

Fire still raged below the ground today and while all hope of rescuing any further victims was abandoned, crews started to enter the pit to bring out the remainder of the dead.

OLD PALMER HOUSE, HISTORICAL SITE IN CHICAGO, IS DOOMED

Chicago, Feb. 1. (United Press.) The Old Palmer House, internationally famous Chicago hostelry, will soon pass into history. On the site will rise the new "Palmer House," twenty-three stories high and costing \$12,000,000 owned and operated by the Palmer estate.

The new building will contain 2000 rooms, as compared to 500 rooms in the old structure, and will differ from other American hotels in several ways. Five lower floors will be devoted to sample rooms.

The first story will contain nothing but shops and two arcades running to three entrances. The hotel offices and lobbies will be on the second floor. The main lobby will be 125x85 feet. A huge grill will be located in the basement.

The old Palmer House was erected in 1873 by Potter Palmer and has been the stopping place for countless celebrities. The floor of the barber shop, set with silver dollars between the tiles, probably brought more fame to the hotel than any other feature.

Thirty years ago, with a visit to Chicago without a glimpse of the silver-floored barbershop was considered a waste of time. In the olden days, the ambition of the average middle-west lad was to attain a degree of affluence that would permit of a visit to the Palmer House as a guest, with at least a resident interest in this buried treasure.

Lyman H. Howe, Pioneer Showman Of Movies, Passed Away Yesterday

Wilkes-Barre, Jan. 31.—Lyman H. Howe, pioneer in the moving-picture industry, died yesterday. He was in the Christian Science Sanitarium at Boston.

He was a native of this city and had made his home town the headquarters of his business. He was sixty-six years old.

He was educated in the schools here and at Wyoming Seminary, and later took up railroading, quitting his work when he had become baggagemaster. Howe is credited by Thomas Edison with being the father of the motion picture industry, for he and the Orange wizard were interested in a kinesiograph that was used for throwing pictures on a screen. He organized his first motion picture company in 1895.

LITTLE WONDER

A small attendance is expected at Rotary Club this evening. J. D. Connelly has been selected to preside.

PENFIELD ROUTE IMPROVEMENT BILL NOW UP TO HOUSE

Measure Which Would Restore Short Cut To The North to Original Schedule Introduced.

LOPS OFF 36 MILES

Harrisburg, Pa., 31.—Six bills establishing state highway routes in various parts of the state were among those introduced during the House sessions this week, about a dozen counties being interested in the proposed measures.

One of the measures, offered by Representative William F. Marshall, Clarion, provides for a state highway beginning on Route 65 in Patton township, Clarion county, at Breannan's Corners, between Shippensburg and Clarion, and extending in a northerly direction through Arbanus, Lucinda, Snyderburg, Leeper, Crown Vowinckle, Marionville and Kane, being located in Clarion, Forest, Elk and McKean counties.

Representative John M. Flynn, of Ridgway, Elk county, offered a bill to provide an additional route to be known as No. 375 connecting Clearfield county seat of that county, with Emporium, Cameron county seat designated as follows: beginning at Clearfield borough line near Clearfield hospital, by way of Kennedy Park and State Forestry nursery to Penfield, to Clearfield and Elk county line near village of Tyler, then by way of Force, Weedville, Bryndale, St. Marys, then by Highway Route 99 to Emporium.

ALASKA WILL ASK STATEHOOD RIGHT IN NEAR FUTURE

Washington, Jan. 31.—Statehood is advocated for that part of Alaska lying south of the Arctic Circle and east of 152d meridian of longitude.

Colonel William B. Greeley, chief forester of the United States, in a report to the Secretary of Agriculture, advocates statehood. He says no happier step could be taken.

"It seems to be generally accepted, the territory as a whole is not ready for statehood," says Colonel Greeley. "It is becoming evident the solution of the Alaska problem is local self-government."

"Apparently what the people of Alaska want is not the power to run the government's business or property in Alaska, but power to run their own business. They want to make their own laws, levy their own taxes, and spend their own public money just as do the people in the States."

"In short, what Alaska wants is not that the Union should be ousted from the territory, but that Alaska should be admitted to the Union."

WITH CAPTAIN BROWN OUT OF GAME AND 'NEWBIES' A SURE HOODOO OUR TOSSERS WILL HAVE TO SPEED UP

By DICK LEIPOLD

Tomorrow morning when Coach Reed and his squad of Red and Black passers climb aboard the 11:45 B. & P. train for New Bethlehem, Captain Bill Brown will be among those who will be contacted by wishing his team good luck from the station platform, since Bill's sprained ankle is still in bad shape. The old saying that "Every man's hand is against the sacrifice of something," is applicable to Clearfield's clean cut victory over Brookville at Brookville last week, for in winning the game, C. H. S. lost the service of Brown for an unknown number of games.

New Bethlehem a Hoodoo to C. H. S. Ever since the league's organization, this Clarion county five has

OIL STILL SPOUTS SO FAR AS PRICE ON CRUDE CONCERNS

Pittsburg, Feb. 1.—Crude oil was advanced ten cents per barrel for the fourth time this year. Prediction was made that \$4.00 oil will be reached within thirty days.

New prices are: Pennsylvania \$3.65, Cabell \$2.51, Somerset \$2.80, Somerset light \$2.66. Ragland and Cornish were no changed.

Invalid Mother And Two Daughters Suffocate When Fire Burns Home

Baltimore, Feb. 1.—Mrs. Wm. Phillips, an invalid, and two daughters, Elizabeth aged 13, and Esther, aged 10, died from suffocation today when fire swept their home.

A neighbor and fireman who pushed through a wall of flame in an effort to rescue them, were injured.

LIQUOR LAW VIOLATOR LIVING NEAR KARTHAUS GETS JAIL SENTENCE

Mike L. Pasquarello, residing at Coleman's Sliding, in the Karthaus district, near the Clearfield county line, on Tuesday before Judge Eugene H. Baird, in the Clinton county court, pleaded guilty to the charge of selling liquor and having it in his possession. Pasquarello was arrested by state police. It developed that he had a wife and six children and having been out of work, made and sold moonshine to support them. Judge Baird had no alternative but to fine him \$300 and sentence him to serve three months in jail.

A jug of the moonshine made by Pasquarello appeared in court as evidence and on District Attorney Kintner's asking the judge what his position to make of it, the latter replied it was up to him.

ENGINEER DEAD IN SEABOARD AIR LINE WRECK

Norfolk, Va., Feb. 1.—One man was killed when the Florida-Cuba Special of the Seaboard Air Line Railroad crashed into President S. Warfield's private car at Hagood, Va., early today.

Warfield, president of the road, was not in his car which was being returned empty to Richmond. J. M. Fields, engineer of the special, was killed and three or four passengers shaken up. The locomotive of the special and the president's private car were derailed.

OSCEOLA MILLS MAN IS PAINFULLY INJURED

George Albert, 21 years old, of Osceola Mills, while working at a steam shovel for the Ben Richards Coal Company on Tuesday, was painfully and seriously injured when his left hand was drawn into the machinery by a rope. It was necessary to amputate portions of four fingers when he was later admitted to the Cottage State hospital at Philipsburg.

THIS DISTRICT TO FOLLOW SUIT OF NEW YORK MEET

No Cessation of Work Will Be Experienced In Clearfield County Coal Producing Area

IS SURE GOOD NEWS

Athens, Jan. 31.—The scale committee of the Central Pennsylvania operators and representatives of the United Mine Workers today reached an agreement on wage scale for the year starting April 1, 1923, and ending on March 31, 1924, the agreement being the same as that under which the miners have worked since the close of the strike of the summer of 1922.

The above dispatch will be read with much gratification throughout this section, as the operators and miners meeting in conference are included in this immediate neighborhood. The agreement means that there will be no cessation of the industry at the time of the expiration of the present scale in April. There has been much fear expressed that there would be a total cessation of the mining at that date, but following the above agreement, it was believed that the operators and miners of this local district would get together. This was made almost certain when the operators and miners of the Pittsburgh district signed a scale.

In conformity with the New York agreement and action that is being taken all over the country, the agreement is for one year only. This means that the local scale will expire at the same time as others throughout the country.

The signing of the scale for the district will mean an impetus to business, as undoubtedly there has been some hesitation because of the fact that it was feared there would be a cessation of the vital industry of mining.

ALBA B. JOHNSON TAKES FLING AT PINCHOT POLICY

Alba B. Johnson, former president of the Chamber of Commerce, criticized Governor Pinchot's program of economy at a dinner to Edwin J. Lafferty, president of the Board of Prison Inspectors, in the Manufacturers' Club last night.

"Governor Pinchot has prepared to make his administration memorable for its economy," Johnson said. "But I have wondered, whether it is necessary to concentrate into one term the whole problem of retrenchment, when that problem is not the result of one previous administration, but of many previous administrations."

"The Governor has pledged us that no new measures of taxation will be introduced during his term. Nevertheless it is certain that many new measures of taxation will be introduced."

Canadian Scientist Is Murdered Near Tomb Of The Pharaohs In Egypt

Luxor, Egypt, Feb. 1.—Trazen, a Canadian scientist, who was visiting the Valley of Kings, where the Pharaoh Tut-ankh-amen is being uncovered, was murdered at Luxor Tuesday night, the authorities declared today.

It is believed the Canadian fell victim to a band of thieves and thugs from Cairo or Alexandria, who have been attracted here by the presence of wealthy tourists. The latter have been warned by authorities not to stray from the beaten paths at night.

Simply Impossible To Tell This Story

(Continued From Page One.)

that Youngstown was too far away, dropped off the train at Butler, Black's former home, where the wedding took place. The couple went to housekeeping on a little farm adjoining the bride's parents and in the natural course of events a young farmer dropped in on them to gladden the home.

All was serene and happy along early last summer when Black and his father-in-law, H. B. Tubbs, got into a squabble over a line fence or some other little thing farmers fall out about and being a resourceful enemy Daddy Tubbs got in touch with the Prothonotary's office in Brookville and finding that while his son-in-law's first wife had been granted a divorce the costs had not been paid and it had never been lifted, which left Black a much-married man with two wives on his hands. Tubbs then had Black arrested for bigamy and he was placed in jail here on June 17, 1922.

When called for trial he entered a plea of guilty and when he detailed the circumstances in court Judge Bell felt Black's story was entitled to investigation. He turned it over to Deserter Court Probation Officer Stock, who discovered the status of affairs to be in Black's favor. When this was made known to the neighbors out Reckton and Luthersburg way they got busy and raised by popular subscription, handled by Bill DeHaas, the \$75 necessary to pay the costs in the divorce suit and on Jan. 17, 1923, the divorce of Black's first wife was actually made.

Armed with this information Mr. Stock wrote Miss Tubbs or Mrs. Black as she believed she was entitled to be and this morning accompanied by her mother and Robert A. Black, Jr., she came to Clearfield. With the Deserter Court officer's assistance a marriage license was secured and Black's second wedding to his second wife was quickly under way.

Dr. E. C. Reeve of the Presbyterian church was told of the situation and promptly volunteered his services as officiating minister.

Accordingly the happy party repaired to the jail and the appearance of the cavalcade attracting the attention of the matrimonial expert of The Progress, he trailed along in the rear and finally succeeded in breaking into jail in time to witness the ceremony. The bride and groom took places in the centre of the parlor and Rev. Reeve pronounced the words which made them man and wife. Deserter Court Officer Stock and Mrs. Lowell, matron of the jail, acted as best man and bridesmaid. Following the congratulations the notice of the wedding was given to Judge Bell by

Mr. Stock and the order releasing Black from further custody was issued at once and Mr. and Mrs. Black and Baby Bobbie, together with Grandma Tubbs made up a happy quartet as they left for Luthersburg on the 11:48 B. E. & P. train.

Daddy-in-law Tubbs has thus far withheld his forgiveness.

Want To Be A Gowgirl?

(Continued From Page One.)

fielder and came west about five years ago, visiting my people, who live on Mt. Joy last spring. I am what you may have seen in moving pictures—a cowboy on a cattle ranch on the deserts of Arizona. Upon coming here I took up a claim and since homesteading it have purchased a tract next to me and now have a 47,000 acre ranch. I have it stocked with cattle which I propose selling and take up sheep raising. All I am and all I have I give credit to old Clearfield town for, and to show the people back home how a son of old Pennsylvania can freight it out to the boundless West and make his start in life, I ask you to give this space.

I have another favor to ask of you. It is very lonesome out here alone and I would like to have a Clearfield county girl for a life partner. I am 22 years of age, 5 feet 6½ inches tall, weigh 160 pounds, have brown hair, brown eyes, no beauty, but fairly good to look at. I have a good home on my ranch and enough money to keep a wife well on; she must be a poor girl, but one willing to save the same as I did to get my ranch. I would like to have a nice little girl about 18 to 21 years of age, one who would like to live the life of a cowgirl. Anyone interested can see my picture in my cowboy outfit at my brother's home on West Sixth avenue, Clearfield. His name is W. M. Adams.

San Tempe is located near Douglas, Arizona, and about 70 miles from Los Angeles, California.

If anyone is interested have them address Elmer B. Adams, care of Casa Loma Hotel, Tempe, Arizona, where I make my headquarters when in town.

Send me a copy of The Progress containing this letter and get any other information you want from my mother, Mrs. Cal Gilham, Clearfield, R. D. 2.

Yours truly,
ELMER B. ADAMS.

With Captain Brown Out Of Game

(Continued From Page One.)

may or may not work well under fire. Locals Have Been Working Hard.

The loss of Capt. Brown stirred the local squad to greater activity in order to avert the slump that sometimes comes after brilliant conquests like the Puxxy and Brookville games.

Competition for a varsity berth is keen, with such a capable stable of willing and creditable reserves as Coach Reed covets in the local gym every afternoon for practice. In fact, on Tuesday evening, the varsity jacked the scrubs by a basket, 25 to 27, in a regular game with strict officiating.

Opportunity to Annex First Place.

While Clearfield is playing New Bethlehem, the DuBois five, joint occupiers of the top rung on the league ladder, will journey to Reynoldsville. The Jefferson county quintet have a floor on the order of the old "Y" gym and also a dead shot in Center Reddick, who makes them from all angles. Against Puxxy Reddickoff scored ten field goals, and if experience counts he should score heavily against Center Schwam of DuBois.

If DuBois loses and the locals win Clearfield will be at the top of the heap. However, there is another chance for a triple tie-up if both C. H. S. and DuBois lose and Brookville comes back strong and wins at Puxxy. An upset case DuBois, Clearfield and Brookville would be deadlocked.

If this happens, Clearfield would have the advantage in the final half of the schedule, both DuBois and Brookville must visit the local gym for return contests, and from past results, their chances of victory are slim at Clearfield.

As the DuBois Express Sees It.

The Express sport expert, according to an article appearing in Tuesday's issue, thinks that of the two league leaders, C. H. S. and D. H. S., the chances of winning a championship are pretty well assured for the county metropolis' tusslers. In commenting on the games ahead against the locals and at Brookville, the writer goes on as follows:

"Much has been said of the game DuBois will have to play at Clearfield. But unless all signs fail, DuBois should take it easy. The black and white have already tasted the blood of the C. H. S. team and found little to worry and when given a chance to relax on the big Clearfield floor, it should run like wild fire. The Brook-

ville game really should be harder for high because Brookville gave High a harder battle in DuBois and he won the Brookville floor does not offer the psychological advantage of making a team just want to play like the Clearfield floor does."

According to the above, it is evident the writer does not appreciate the fact that it is a different Clearfield team that is representing the Red and Black now. DuBois' caught C. H. S. in a weakened condition as the reserves have clearly shown. Since then Clearfield has played both Puxxy and Brookville, as have the county metropolis' lads. Clearfield brooded Puxxy, and was ahead of Brookville at all stages of the game at Reynoldsville, incidentally giving the Brookvillians their first home defeat since 1920. DuBois trailed Puxxy at all times when the Ground Hogs defeated them 33 to 29, but defeated Brookville at DuBois in a fairly close game. In analyzing these games, it is found that Robinson and Swindell

scored five field goals each against DuBois, while Clearfield's guarding system held those two Brookville players to one field goal apiece at Brookville.

We agree that the Clearfield gym is a great improvement over the DuBois floor, which handicapped the locals. Then too, it probably did not occur to the writer that Clearfield might stage a little "wild fire," open throttled pace against her arch rival DuBois. Then again, if the game at Brookville will be harder for DuBois than the Clearfield game, and Clearfield just finished polishing off Brookville at Brookville—how does this paper figure C. H. S. a set-up for DuBois at Clearfield?

A Dull Day in School.
Teacher (exasperated)—You children need to have your ears cleaned out—you don't seem to hear anything I say—(pausing)—but for heaven's sake don't clean more than one, or my words will go in on one side and come out on the other!

GOITRE CAUSED

Choking, Smothering, Weak Eyes, And Nervousness Relieved by Liniment.

Mrs. Louis Owen, Millersburg, Ohio, says she will tell or write how she removed her goitre and these symptoms by Sorbol-Quadruple, a colorless liniment.

Get free information from Sorbol Company, Mechanicsburg, Ohio. Sold by all drug stores. Locally at Woodward & McPherson and Irwin Drug Co.

WOMAN'S HEALTH RESTORED

She Claims Lydia E. Pinkham's Vegetable Compound Did It After Everything Else Failed

Milwaukee, Wisconsin.—"I feel that I ought to let you know about my case. I was ailing and could hardly do my housework and was so run-down just from having one child. I took a lot of medicines and had doctors. Then I gave them all up and took Lydia E. Pinkham's Vegetable Compound and I feel wonderfully good now. I do everything that comes along, and we all take your medicine as a tonic when we don't feel just so. I am thankful for what the Vegetable Compound has done for my health and for my family."—Mrs. MARY SAICHECK, 944 28th Street, Milwaukee, Wisconsin.

Letters like these testify to the value of the Vegetable Compound. These women speak from the fullness of their hearts. They describe as correctly as they can their conditions: First, those symptoms that affected them most conspicuously, and later the disappearance of those symptoms. They are sincere expressions of gratitude. For nearly fifty years Lydia E. Pinkham's Vegetable Compound has been so praised by women.

"Hurricane's Gal" will be shown at the Driggs Thursday. It's a great picture. Orchestra with special music.

Piles

CURED In 6 to 14 Days

All Druggists are authorized to refund money if PAZO OINTMENT fails to cure any case of ITCHING, BLEEDING or PROTRUDING PILES. Cures ordinary cases in 6 days, the worst cases in 14 days.

PAZO OINTMENT Instantly Relieves ITCHING PILES and you can get restful sleep after the first application. 60c.

A PRIME REQUISITE FOR A SUCCESSFUL DINNER

Every hostess desires to have her table as attractive and inviting as possible. And nothing contributes more to the charm of a well appointed table than snowy, lustrous napery.

Because of our painstaking care and modern facilities we are able to impart to your linens a smoothness and gloss that home methods can't produce.

For example, in the damasks that we launder the patterns stand out clearly in their original beauty because the ironing is done without friction through softly padded rollers.

Let us demonstrate for you the advantage of this method—have us call for your linens. We also have other services that include this work. Phone today, and we'll gladly explain them all.

HOW TO SLEEP ON A BARE FLOOR

IT is more a matter of SLEEP, than of bed or board.

Some people can sleep sitting up, standing up, even while walking.

Many people can't sleep in the softest of downy beds; and all of us suffer occasionally from nerve-racking, wearing, tiring wakefulness at night.

There is always a reason for sleeplessness. Usually it is a "sour" stomach, a liver that has "lain down" on the job, congested bowels, or biliousness.

Then, just before retiring, take Beecham's Pills. They soothe an uneasy stomach, encourage the organs of digestion and elimination to natural activity, and assure restful sleep no matter what!

At All Druggists—25c and 50c

Entered in Post Office at Clearfield, Pa., as second class mail matter.

It is truly wonderful how many defenders of the common people we are afflicted with.

Ever since the armistice was signed our government officials have been trying to get our financial affairs with foreign nations straightened out.

Finally President Harding persuaded, or rather compelled diplomatic methods, Great Britain to come to terms with the United States.

These terms provide that England shall have approximately sixty-two years to pay off an indebtedness of something over four billions of dollars she borrowed from us to carry on the war.

Meanwhile England is to pay us an interest rate slightly less than the rate on the temporary notes given.

Now come the saviours of the interests of the common people, saying that England should be made to pay the principal rate of interest and that both the interest and the principal sum must be paid forthwith.

That would be fine if it were possible, but the fact is that England has not even been able to meet the interest payment as far and if anybody is in favor of occupying the British Isles and compelling payment as the French are doing to Germany, let them step forward.

The funding agreement reached between the administration and England should be approved by Congress without delay. Better get something and a guarantee of the payment of the whole amount than be whole hog or none, with the probabilities strong on the "none."

Introduction-courtship-proposal-acceptance-wedding bells alarm clock-divorce notice.

There you have summed up in a few words the history of about one in ten of the marriages contracted in Clearfield county, or any place else in this fast living age.

Not satisfied with their first effort at taking lightly the marital vows, it appears that a lot of people start right in with the publication of the divorce notice and run the whole gauntlet up to the alarm clock before the strong arm of the law rings a gong and sends them back to the starting line.

Today our Domestic Relations editor wrote a story about marital tangle which overtaxed our capacity as a head writer. Moved us to make the above observations.

Whatever you do, when you come to take the second dose of marriage, make sure that the divorced party to the contract carries the necessary certificate to the altar.

Banking as a Business--
Not as a "Fine Art"

You'll find us conducting this Bank on a thoroughly practical basis. We are business men—doing business in a businesslike way—serving our customers with all the facilities we can command—and with all the scope that large resources and wide association can put into that service. We welcome your business problems—and will help you to solve them to the best of our ability.

MARRIAGES

MELLOTT-TEATS WEDDING POPULAR YOUNG PEOPLE WED

Miss Mildred Mellett, daughter of Mr. and Mrs. S. A. Mellett, of Spruce street, and Merrill Teats, of Lyde City, were married at 3 o'clock yesterday afternoon at the West Side Methodist Episcopal parsonage by Rev. W. L. Armstrong. The young people are among Clearfield's best known young people and have the best wishes of a host of warm friends. They will reside in Clearfield the groom holding a responsible position with the B. R. & P. railway company.

Cecil H. Nichols, son of Mr. and Mrs. Boyd H. Nichols, and Miss Vanetta Nelson, daughter of Mr. and Mrs. Charles Nelson, of Mt. Zion were quietly wedded at the parsonage of the West Side Methodist

church at 7.15 o'clock last evening. The beautiful ring ceremony of the Methodist church was employed by Rev. Armstrong in the presence of a few close friends of the couple. The groom is an employee of the Workman's Cash Grocery, Third street store, while his bride, an attractive young woman, has been

A FITTING VALENTINE

Valentine Day is coming soon and if you are going to make some nice girl happy after she has said that little word, drop in here and see what I can do for you when you buy that diamond.

As we have said before, buying a diamond is largely a matter of confidence in your jeweler and everyone who ever bought a diamond here, has found that he received his full money's worth.

W. W. O'BRIEN

VALENTINES

The day draws nigh when you will celebrate the feast of St. Valentine and you will want to celebrate in a fitting manner.

You will want some dainty lacy ones for your best girl, then again you will want some funny ones for the person on whom you want to play a joke.

We have all kinds of Valentines and the display embraces the whole run of kinds.

MILK IS HEALTHFUL

No one can gainsay that. But the thing that you must look out for is the matter of getting the purest milk you can. Ordinarily, milk is one of the greatest carriers of disease germs that is known, but when it is put through the pasteurization process, it is cleared of everything injurious and you get only the body-building ingredients that you are looking for.

The milk that we put on your table is as pure as the driven snow and you'll find that if you will drink more of it, you will feel better in every way.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, a host of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets daily for a time and note the pleasing results. Thousands of women and men and Dr. Edwards' Olive Tablets, the successful substitute for calomel—now and then just to keep them fit. 15c each.

GOOD PLUMBING PROTECTS

Lack of sanitation invites disease and breeds contagion. Insanitary, obsolete, or makeshift plumbing is almost as bad as no plumbing at all.

Good plumbing in your dwelling protects the community's health and your family's well-being. Install modern sanitary plumbing now. See our display of modern fixtures.

Ice Queen

Glen Morgan, beauty queen of Canada, can maintain her charm under unfavorable conditions of ice and cold. Here she is demonstrating that bathing suits can be just as attractive in Canada as on Palm Beach in February days.

Down at Pittsburg yesterday J. W. Campbell, arrested for begging, asserted his hearty dislike for soap and water. He informed Police Magistrate Succop that he hadn't had a bath for a year. Campbell said he once owned a cake of soap which had been given him by a lady friend, but after carrying it about for some time threw it away. Magistrate Succop ordered Campbell to spend thirty days in the county jail and instructed Warden Lewis to see that he got a bath every day.

Campbell should have got himself arrested in Clearfield county. He would have fit into the general scheme of things down at our jail, according to Rev. Hatch's "log book" on the occasion of his recent "voyage" thru the jail.

The "search and seizure" clause of the proposed dry law the Pinchot administration is getting ready to introduce into the Legislature at Harrisburg is causing a great deal of comment all over the state, some of the faithful "wet" old guard right here in Clearfield feeling their "rights" or "wrongs" may be invaded if the thing goes through. One noted "constitutional" lawyer down in the First Ward declaimed for at least an hour to a sympathetic audience last evening in assuring all who would stop to listen that the darn thing was "unconstitutional," yesiree.

A poll of the Legislature at Harrisburg is said to reveal the fact that there is a "dry" majority of no less than six in the Senate, while the House is "dry" by thirty-one votes.

They may "search" but they can't "seize"—if you don't have any contraband on hand; so why kick about it.

In answer to a query from an anxious First Ward "wet" we just want to say that the 23d Congressional District is "bone dry" for the coming two years. The "wet and dry" issue was not raised at last fall's Congress election as both Hon. W. I. Swoope, the successful Republican candidate, and his Democratic opponent, Hon. J. Frank Snyder, had pledged themselves in writing long before the primary election that if elected to represent this district in Congress they would not only vote to support rigid enforcement of the Volstead Act but would combat any and every effort to modify it.

The man who founded Pennsylvania, William Penn, was born in England. The three greatest Pennsylvanians of the revolutionary period were Franklin, born in Massachusetts; James Wilson, born in Scotland; and Robert Morris, born in England. The two most prominent Pennsylvanians of the Civil War period were General George Gordon Meade and Thaddeus Stevens. Meade was born in Cadiz, Spain, while Stevens was born in Vermont. It is true that the fifteenth President of the United States, James Buchanan, was born in Pennsylvania, but he has been dealt with so harshly by history that it may be possible to say that the greatest man ever born on Pennsylvania soil was John Wanamaker.—Springfield (Mass.) Republican.

The preaching down about Lock Haven, including all denominations, raved their hands in holy horror at the different church services last Sunday because of the fact that the people of that community—mostly women—made a "bargain day rush" every day to get into the Court House to listen to the sordid details surrounding the killing of a young girl on a joy ride with another girl and a pair of human vultures. The women would line up at the Court House hours before opening time and fight to get in when the doors of the court room was opened, many of them bringing their dinners and camping in the room during the noon day recess.

Tomorrow is Ground Hog Day, if you are any traveling take your umbrella along. It is also the feast of St. Blas and the ceremony of blessing the throat. A "child" an will be performed in all Catholic churches.

The title of the violin solo rendered by Grant Smecher at the Junior class recital of Susquehanna College Monday evening, was "Doreuse" from Jocelyn, instead of "Because" as was stated in the report of the concert.

Beyond the "want" ads in the paper, and the "have to" ads in most cities and towns, there does not seem to be in Clearfield a clearing house for securing and disposing of living quarters or household help. Such a bureau is the usual thing in many towns and Community Service would be glad to assume it if the need of such a service develops. The procedure is familiar enough. Everyone, for instance, with accommodations of any sort—meals, rooms, etc.—places them in the general file at the C. S. office on Locust street—326 W. Likewise anyone with time and labor to dispose of by the hour, day or week, and the variety. Accordingly, when any one wants a place to stay for a few days or a boy to wash windows or clean walks, this same file is the consulting list. This is the commonest sort of a "have to" in most cities and towns, and is only requires a little understanding and co-operation, and Community Service stands ready to be the middle man.

FORD MAY BUY HOG ISLAND

Washington report say that Edsel Ford, acting for his father, Henry Ford, has been negotiating concerning Hog Island with a view to a possible purchase.

No definite action, however has been taken by the Shipping Board. The Board last November, called for bids which would have been opened this month. But Frank Zellar, of Phila., who claims that an island belonging to him was dredged out of existence by the Hog Island project and has had many suits pending, sought an injunction to restrain the

GRANT A. PRICE'S FUNERAL

The funeral of Grant A. Price took place Sunday afternoon from the home of his parents Amos and Lydia Price in Bloomington. Rev. J. C. Collins preached the funeral discourse, interment was made in the Bloomington cemetery.

Grant A. Price was born in Bloomington, Sept. 20, 1901, and was therefore aged 21 years and 4 months at the time of his death on Thursday last. He had suffered a relapse from typhoid fever. He was of a jovial

kindly disposition and made friends of all with whom he came in contact and a host of warm friends met his death. He is survived by his father, mother, seven brothers and two sisters.

If Rheumatic
Eat No Sweet

Says Glass of Salts Helps Overcome Rheumatism Acid.

Don't Let
Turn In

Rub on Gooch's Musteroil. That cold may turn into Grippe or, even worse, Rheumatism, unless you take care of it. Rub good old Musteroil on the aching parts and see how quickly brings relief.

Colds are merely congestion. Musteroil, made from pure oil of mustard, camphor, menthol and other simple ingredients, is a counter-irritant which stimulates circulation and helps break up the cold.

As effective as the most old mustard plaster, it does the work without the blister.

Just rub it on with your finger-tips. You will feel a warm tingle as it enters the pores, then a cooling sensation that brings welcome relief.

35c and 65c, in jars and tubes. Better than a mustard plaster.

Rheumatism is easier to avoid than to cure, states a well-known author. We are advised to dress warmly, to take hot baths, avoid exposure, and above all, drink plenty of good water and avoid eating sweets of all kind. Rheumatism is caused by the waste and acids resulting from fermentation. It is the function of the kidneys to filter this poison from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather, skin pores are closed, thus forcing the kidneys to do double work; if become weak and sluggish and fail to eliminate this waste and acids, which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain, called rheumatism.

At the first twinge of rheumatism get from any pharmacy about 10 ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is helpful to neutralize and remove waste matter, also to stimulate the kidneys, thus often ridding the blood of rheumatic poison.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is an excellent remedy for thousands who are subject to rheumatism.

NEWS OF OUR NEIGHBORS

CURWENSVILLE

Curwensville postoffice force took a sled ride to Clearfield on Tuesday night, and had a lunch at Jordans.

Dorsey Bailey, dairyman living near Centre church, is very ill with pneumonia.

The Boys' Marine Band received a contribution of some \$35.00 as a result of their Sunday afternoon concert in the Strand.

"Kid" Hepburn, Grampian's only plumber and pipe fitter, had business in Curwensville yesterday.

Clyde Gates, foreman of the Curwensville Heating and Plumbing Company's shops, is confined to his home, corner Walnut and George streets, by a severe cold.

Hannah Cleaver Holden, youngest daughter of Mr. and Mrs. Nathaniel Cleaver, was born June 12th, 1846, died Jan. 26th, 1923, being at the time of her demise 76 years 7 months and 14 days. Some fifty odd years ago she was united in marriage to John Holden. To this union no children were born. In December, 1902, Mr. Holden was killed in falling from the hay mow in the barn. From that time on Mrs. Holden and Miss Kate Holden resided on the farm until March 1914, when the house burned down. Mrs. Holden was at that time in very feeble health. Since that time she made her home with her nephew, U. L. Cleaver, with the exception of a few months until the time of her death. The last few years she was almost helpless.

She is survived by one brother, Geo. D. Cleaver, he being the last remaining member of the family. She was a member of the M. E. church and attended the services at the Locust Ridge school house as long as she was able, the last year or so having had to be helped in order to attend at all. Funeral services were held on Sunday afternoon at the Cleaver home, conducted by Dr. J. C. Collins. Funeral director C. E. Doverspike. Interment in Oak Hill cemetery.

At the meeting of the Parent-Teachers Association Monday night it was decided to help furnish each school room with a workable library. Mrs. William Kittelberger, president of the association, appointed a committee to look into the matter of securing book cases.

Supt. George E. Zerfoss, of the Clearfield public schools, will address the Curwensville teachers next Monday at 4 o'clock on "The Seventy Per Cent. Pupil." Anybody and everybody welcome at this meeting.

The Patton Literary Society will hold its regular meeting on Friday of this week. The program promises to be one of the best ever presented.

On Tuesday evening the High School Alumni Athletic Association held a regular meeting to elect a man-

Feed Is Big Factor In Egg Production

Heavy Rations Increase Laying But Forcing Is Attended by Dangers

By SETH W. SHOEMAKER, Director, School of Agriculture, International Correspondence Schools, Scranton, Pa.

Almost everyone will admit without question that the health of a family depends upon the kind of food it receives, and to a considerable extent on the way in which this food is served.

Why poultrymen do not always apply this same knowledge to their flocks is a mystery. To get the best results out of a flock they must be supplied with food of good quality, the feed must be of the kind and it must not be tainted in any way.

One safe way to insure this is avoid feeding perishable food in larger quantities than the fowls can consume at one feeding.

Tainted meat that is not fit for human food should not be fed to fowls. The taint is sometimes removed from such food by boiling it in water containing baking soda. Even then the poultryman is taking a chance with such food.

Heavy Feeding for Production. The heavy feeding of fowls for egg production should be carefully watched. This applies especially to

anger and forecast the work for next year. Mr. A. D. Dunsmore was elected manager. He will immediately take charge of the schedule and announce it in a few days. A committee was appointed to solicit memberships for the year 1923. Membership fee was fixed at \$1.00 and student tickets for the season at \$1.00. It is hoped that all of Curwensville will join this association. It is worthy of our sincere support. When a committee calls on you please have him your membership solicitation. The association decided to back the High School baseball. Paul A. Zetter was elected manager of the baseball end and Chas. Norris was elected student manager. We are glad that the high school is coming to realize the great benefit derived from clean athletics. Our boys had better be under good leadership in athletics than be doing some other things incidental to the effervescence of youth. Rev. Bertram Conley, R. K. Way, and Grant Norris were made a committee to write up the rules and regulations of the association. They are to report at an early meeting. It is commendable that our athletics are being handled in a businesslike manner. The alumni of the High School deserve great credit for taking over the athletics. They are having the real alumni spirit. With this organization back of high school athletics and the Parent Teachers Association back of the scholastic end of the school's program, good will necessarily follow.

ORIGINAL VINOL THE MODERN TONIC

What it contains: Cod Liver Peptone, Beef Peptone, Wild Cherry Bark, Citrate of Iron, Glycophosphates of Lime and Soda, Casein.

Peptonates of Iron and Mannose. An effective tonic for those who are weak and run down. Especially good for that hangover cough.

DON'T BARK—TAKE ORIGINAL VINOL. PRICE \$1.00. Sold exclusively by Stewart Drug Co., Clearfield, Pa.

IF SKIN BREAKS OUT AND ITCHES APPLY SULPHUR

Just the moment you apply Mentho-Sulphur to an itching, burning or broken out skin the itching stops and healing begins, says a noted skin specialist. The sulphur preparation made by the Mentho-Sulphur Co. gives such relief to the skin as to be called the "itching cure."

It quickly soothes the skin, clearing up the eruptions, and gives a healthy, clear complexion. You don't have to wait for many eruptions. It quickly shows. You can get a little jar of Mentho-Sulphur at any drug store.

pullets that are being forced in cold weather to produce as many high priced eggs as possible. Should any individual show signs of becoming over fat and threatening to break down it is a good plan to take this fowl out of the general pen and feed him in a separate place more lightly. In fact, the occurrence of several such hens in a flock may be a good warning that the poultryman is feeding them all too heavily and should slow up some. An over fat pullet makes no better a layer than an over fed hen and will soon become a drone.

An occasional tonic or appetizer such as a pint of air slaked lime to one quart of feed soaked in cold water tend to neutralize any poisonous matter that has accumulated in the system. It may also give the flock the lime that is so often lacking in their feed.

Conditions of Buildings Important. Many poultry raisers feel that an extensive and costly house is the only thing necessary to keep the flock going for profit, but more often than not the stock kept therein is no better than the average. Sometimes a owner is more proud of his house and surroundings than he is of his poultry. Although good houses are important for good stock the keeping of the house in good

L. C. Mattern

I RYE TO BE ASS. SECRETARY OF THE COMMONWEALTH

Harrisburg, Feb. 1.—James E. Five, Westminster county, today resigned as statistician in the Auditor General's department in order to become Deputy Secretary of the Commonwealth.

The W. C. T. U. will meet at the home of Mrs. Mary Sykes, 330 Market street, tomorrow evening.

"Hurricane's Gal" will be shown at the Driggs Thursday. It's a great picture Orchestra with special music.

GETTING UP NIGHTS

This is One of Nature's Danger Signals. L. E. Mullen Tells Experience

L. E. Mullen, No. Kenova, Ohio, says: "For 16 years I have been troubled with kidneys and bladder. I had to get up 5 or 6 times each night. I had taken many kinds of medicine, but Lithiated Buchu (Keller formula) is the only kind that gave me any relief. My bladder is normal and I have only used the remedy for three weeks. If you want further facts write me." Lithiated Buchu (Keller formula) acts on the kidneys and bladder like Epsom Salts on the bowels. It cleans them out, relieving the bladder of many abnormal deposits. These tablets cost 2c apiece. The price makes it possible to place in the formula several drugs which are useful for relief. The formula is on the package. It is not likely you have ever taken anything similar. Try a few tablets for backache, scalding, scanty or high-colored urine and frequent desire at night. Be sure to get the Keller formula. Lithiated Buchu at all drug stores, or write Keller Laboratory, Mechanicsburg, O., or locally at Stewart Drug Store.

CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief From Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night, your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh—Relief comes so quickly.

I Have Bought the BUFFET LUNCH

Having bought the Buffet Lunch room, the popular little restaurant at the west end of the lower bridge, I am now prepared to serve meals and lunches cooked in good old fashioned home style.

When you're hungry—bring us your appetite.

**Why Clinkers in
Your Gas?**

CLINKERS in coal give no heat and clog up furnaces. Likewise in gasoline. If gasoline vaporizes completely at 425 degrees it has less "clinkers" than at 450 degrees. The all-combustion point of Waverly Gasoline is around 400.

Other indications of "clinkers" are starting difficulty, carbonizing, knocking and diluting of crank case oil.

Look for the Waverly sign when you need gas. "All Pennsylvania" means "less clinkers" because "Waverly" means the same thing. Know the pleasure and economy of better motor fuel.
